

User Stories:

1. **Status Update Trip:**

As a driver, I want to update my trip status (Empty / Returning / Busy) so that traders can know if I'm available for shipments.

2. **Shipment Requests:**

As a driver, I want to view shipment requests from traders so that I can accept or reject offers that fit my route.

3. **Auto-Pricing:**

As a driver, I want an automatic price suggestion based on distance and weight so that I can charge fair rates easily.

4. **Route Optimization:**

As a driver, I want to get optimized delivery routes so that I can save time and reduce fuel costs.

5. **Live Tracking:**

As a trader, I want to track my shipment in real time so that I can ensure it is delivered safely and on time.

6. **Driver Filtering:**

As a trader, I want to filter drivers by location and direction so that I can find the most suitable one for my shipment.

7. **Rating & Review:**

As a trader, I want to rate drivers after each trip so that I can help build trust in the system.

8. **Smart Notifications:**

As a user, I want to receive smart notifications about trip updates so that I never miss important opportunities or alerts.
